WIDENER'S CHASER EL CUCHILLO AFTER FRENCH PRIZE.

Noted Cross-Country Horse Sails on the Minnetonka to Start in the Big Race in June Near Paris-Legal Expert's idea of Amended Agnew-Hart Bills.

E. Widener's cross-country steeplechasar Fl Cuchillo left here yesterday on the Atlantic Transport Line steamer Minnetonka for France. Mr. Widener has nominated the horse for the most valuable steeplechase in the world, the Grand Steeplechase de Paris and Auteuil. This event will be run on Sunday, lune 7, over a course which consists of twentyjumps of the most trying character. ome up and some down hill, which tests the oundness and stamina of a horse more than amount of ordinary jumping. The race as \$:5,000 in cash and \$2,000 in plate added to a sweepstakes of \$200 each. The distance is a little more than four miles and under the tions El Cuchillo will carry 157 pounds while some of his opponents will pack 167. If the race was a handicap El Cuchillo would robably fare better than he does at weight or age. The gelding is now 6 years old and by blood relation of Mr. Widener's famous the property of the rich Chambion steeplechase last fall.

He won the Empire Stake steeplechase at ravesend last May, carrying 137 pounds. larsemen say that El Cuchillo has before him he most difficult task of his career in beingquired to hold his own against the fastest rest-country horses in the world, as the reach horses are said to be. The carriage and stamina of the most lionhearted jumpers re put to the test in a most severe way. he water jump is very wide, the stone wall onusually high and at one point of the Anteuil ourse the horses go up hill only to scramble down suddenly. Unless he is perfectly sound as to wind and limb an ordinary steeplechaser sure to be found wanting at this particular art of the course. Turfmen praise Mr. videner for his sportsmanlike effort to win o rich a prize, but many of them fear that e odds are too great for El Cuchillo to

Turfmen are busy discussing the recent mendments to the Agnew-Hart anti-racecaring before the Codes Committee at blany next Wednesday, After careful udy an expert in legal matters said yesteray: "The bills as now amended mean that man may walk into any poorroom in any ity in New York State and bet all the aftercity in New York State and bet all the alter-soon in amounts from 25 cents up to \$100 without the danger of arrest. The bill makes no provision against betting. It is only against the recording of a bet which has been one openly on the racetracks. The poolcom patron never sees the man who records he bet, however, and therefore the latter's ruilt is impossible of proof. If by any hance any poolroom proprietor should be ndicted his offense will only be a misde-neanor, and not a felony as at present. In hat case a poolroom man can be fined u or ent to jail for a few hours. In a word the ills as amended are almost wholly in favor if the poolrooms, which would do business ny way even if the racetracks in this State hould be closed."

In addition to the several applicants for the position of trainer of H. P. Whitney's table, left vacant by the death of John W. togers, it was said yesterday that the veteran datt Byrnes might be the final choice. Byrnes as not had a big state in his care for some well thought of by Mr. Whitney. The funeral of Trainer Rosers though place yesterday from his home in Nestchester. Among the pall-bearers were Mri. Whitney and Rogers's ormer partner, Robert L. Rose. Many horse-en and former friends were in attendance.

Jesse Lewisohn is at the Arcadia track near Angeles, where he is betting on a moderate cale and is enjoying a healthful outing. ewisohn was one of the biggest and most uecessful bettors on the local tracks last eason, but if to understood that he will be sked by the powers that be to curtail his vagets this year in accordance with the ceneral policy that will prevail. While the urf governors have as yet shown no indicaon of instituting betting reforms it is known hat they will get after the plungers in future with a sharp stick. It is even hinted that big store" bookmakers will receive notice that unless they reduce their business to a inimum they will be summarily barred. All signs point to a general cutting down f the speculation to such a figure that ormer sensational betting coups will be

Boots Durnell, who is still in California. ays that powerful friends have gone to the tront for him with the idea of securing his reinstatement. Durnell says that racing wadays is practically free from crookedess and that the sport in various parts of the country is in sean hands. He points to be fact that racing officials everywhere have lcen so vigilant that evil doers have in a majority of cases been excluded from the came. Incidentally Durneil says that he as never guilty of wrongdoing and that he always tried to win with his horses. "If a horse was not fit," declares Boots, "I did not tart him, while if I thought he could win

President John I. Taylor of the Boston Americans, who will leave for Little Rock, Ask, to-morrow, has decided that Manager cames McGuire will have these players at the fraining camp: Pitchers, Maire, Robertson, Chotte, Hughes, Burchell, Glaze, Harris, Horgen, Fruitt, Tannehill, Winter, Young and E. WAR VETERANS HOLD GAMES

THIRTEENTH REGIMENT WINS THE MILITARY RELAY.

Record Holder Dan Kelly Beaten in Special Sprint Race by Smithson—Columbia Miler Hoyns Shows Good Form in the Twenty-second Regiment Armory.

The United Spanish War Veterans held their annual games and reception before a big crowd in the Twenty-second Regiment armory last night. Naturally enough it was a military event-the mile relay-which aroused the greatest enthusiasm. Fight teams started, and the array included all the speed experts of the local regiments. There were two teams from the Twentysecond, two from the Thirteenth and single aggregations from the Sixty-ninth, Twentythird, Seventy-first and Twelfth. From the crack of the gun the first team of the Thirteenth, with a handicap of 69 yards, was close in the lead. At the third relay they took command and thus early it was all over, as they won by 20 yards from the Twenty-third, who had 55 yards. The Twenty-second Regiment was a close third, the rest not having a lookin.

A special 70 yards run brought out Dan Kelly, holder of the world's record of 93-5 seconds for 100 yards. He slipped as the gun flashed and the bungle put him out of the running. First prize went to Forrest Smithson, who ran unattached and won by a couple of feet from Robertson of the Irish A. C. F. S. Geary of Findham was

The trial heats of the 75 yard handicap opened the night's sport, the first trial going to R. Mulliner, unattached, who had the comfortable allowance of 18 feet; F. E. Holloway of the Central Y. M. C. A. won the second heat off the same mark. Forrest Smithson, the virtual scratchman on the two foot mark, won a heat and so did C. B. Clark of the Xavier

A. A., who had a start of 8 feet.

Smithson got shut out in the semi-final, but Clark won a heat in 7 3-5 seconds. J L. McCahill of the Seventy-first Regiment work: d his way through the tria s into the final, he having 14 feat. Others to qualify for the final were George J. Merz, New York A. C., 9 feet; W. A. Seward, Irish A. A. C., 16 feet; C. Steinert, unattached: F. S. Geary, Fordance of 7 feet.

ham University, who had the short allowance of 7 feet.

O. G. Teischow of the St. Bartholomew A. C., who had 14 feet, was interfered with in the first heat. He was allowed to start in the semi-final and getting paced was eligible for the final. The final was run twice. On the first go off an oiffeer ran across the track and three of the sprinters were bumped trying to avoid him. The race was ordered run over by James E. Sullivan, the referee. It was lucky for Te schow, for he won the final by two feet from R. E. Goggin of the Pastime A. C., who had 12 feet.

The entry was so good in the 600 yard novice that it had to be parcelled up in heats. The final proved a slashing race and was eleverly won by J. F. Moone of the West Side Y. M. C. A. from H. E. Schmale of the Xavier A. A. The fine field of twenty-six lined out for the mile handicap and it was made noteworthy by the good work of George W. Hoyns of Columbia University, who wore a New York A. C. shirt. In the early part of the race the pace was cut out by F. P. Devlin of the Mott Haven A. C., who had the limit of 100 yards. Hoyns was on the 55 yard mark and a couple of laps from home he strode out and won in fine style in the fast time of 4 minutes 23 3-5 seconds. Richardson of the West Side Y. M. C. A., who had 100 yards, came up strong in the last lab and made a good second.

A real hair raising race was the mile relay for high schools. Manual Training had the post of honor, white De Witt Clinton and Boys' High were in receipt of good handicaps. Nevertheless the Manual boys tofe along and gained ground at every lap. Finally Cozzens, who was not he last relay, had to make up twenty yards on De Wite Clinton. But he proved equal to the task and won amid the greatest excitement. The time of 3 minutes 36 2-5 seconds was said to be a new indoor reard, beating the old one made some time ago of 3 minutes 48 seconds.

A flickering light of other days appeared in the two mile walking handicap. He was J. H. Hocking, a member of the old Scottish-Aunerican A. C., and he

Baseball Notes.

Dusty Rhoades, the Cleveland pitcher, says that Elberfeld on first base bothers the pitcher more than any other base runner. George Browns says he will hit over 300 for the Bostons this year, and there is a pretty fair chance that he will do it. The Brooklyn club is willing to give \$5,000 for an experienced left fielder of ability. So are most

other clubs. Speaking of the boys who go in for the modish togs, don't overlook Frank Chance. There is nothing State street about Chance's get up, if he does play in Chicago. Chief Bender of the Athletics is a crack per-former at the traps. This is only natural, for when the chief is in action on the ball held in mid-aummer opposing batters swear he hands out bird-It is doubtful if batters will relish the new rule

prohibiting the pitcher from soiling new bails. They want pitchers to have sufficient control to keep the ball away from their heads. George Rohe, who was a devouring demon against the Cubs two years ago, has returned to New Orleans. Comiskey sent him and Dundon to the Orescent City in exchange for Manuel, the pitcher, and Jake Atz, the infielder.

PUBLIC SCHOOL BASKETBALL. Townsend Harris Hall Defeats Erasmus in a Hough Game

Townsend Harris Hall High School strengthened its hold on the basketball championship of the Public Schools Athletic League by defeating Erasmus Hall yesterday afternoon in the Second Signal Corps Armory by a score of 24 to 15. The game was very rough, no less than 37 fouls being called, 21 on Erasmus and 16 on Townsend Harris.

On several occasions there was the next thing to a flatfight between individual members of the two teams. Peterkin of Erasmus was ordered off the floor in the second half of his rough work. lownsend Harris had by far the best of the game in Erasmus. All the goals for Townsend Harris in this half were made by Levy, and those for Erasmus by Scully. The former made 20 nts in all and played the whole game for his team. Mendelshon, the Townsend Harris centre, shot some neat goals from centre court. Townsend Harris played the short passing game in the first half and bewildered the Erasmus lads somewhat.

In the second haif Erasmus employed

In the second haif Erasmus employed rougher tactics and time had to be taken out several times in order to allow some Townsend Harris player to recuperate from the effects of a setto. Erasmus lost the game through poor shooting by Scully, who made only 7 out of 16 free tries.

The Horace Mann basketball team was beaten by the Montclair High School at Montclair on Friday by a score of 27 to 17.

Manual Training was beaten by Stuyvesant in a game played at Savage's gymnasium yesterday afternoon by a score of 19 to 14. The game was one of the most exciting of the series. The first haif ended 13 to 2 in favor of Stuyvesant and in the second half Manual took a strong brace, making 12 points to Stuyvesant's 7.

to Stryvesant's 7.

De La Salle Institute was to play the Peekskill Military Academy yesterday afternoon, but through some mistake the Peekskill boys failed to arrive and the De La Salle team played a five picked from the alumni. The score was 28 to 17 in favor of the institute team.

The Central Manual Training School of the The Central Manual Training School of the Philadelphia league received the worst defeat of the season in Trenton yesterday by the varsity team of Pennington Seminary. The final score was 83 to 5. The visitors were only able to secure one field goal, while Geig and Capt. Felney of the locals secured 30. The playing of the locals was the best this season.

The game between Boys' High and De Witt Clinton yesterday evening at Savage's gymnasium, which was to decide which team was to remain in second rlace and which was to drop back to third, was rough even as basketball games go. The score was 22 to 13 in favor of De Witt Clinton, but Boys' High will probably protest the game. One of the largest crowds that have attended a 'eague game this season turned out to see the contest. The first haif ended 8 to 6 in favor of De Witt Clinton, and it was a series of scrimmages and mixuos from beginning to end.

Olsen of Boys' High was ruled out of the game in the second half and such a howl and protest was raised that the game threatened to end then and there. The same thing happened after every decision after this time. Ackerson and Swallow were the mainstays on the Boys' High team and I imberg played a fine game for De Witt Clinton. The game between Boys' High and De Witt

Columbia Gymnasts Defeat Harvard.

CAMBIÉROE, Feb. 29.—The Columbia gymnasts defeated the Harvard gymnastic team in a very close meet by the score of 26 to 25. The Harvard men were the more brilliant individually, while the Columbia team was

individually, while the Columbia team was the better balanced. Tyng of Harryard was the all around star of the neet. He took three firsts, in the parallel bars, the horizontal bar and in tumbling. Schoonmacher of Columbia was also much in evidence.

The intercollegiate all around champion won the side horse, took second in the horizontal bar and in tumbling, and was third in the parallel bars. The best contested event of the evening was the parallel bars. The tumbling was poor and did not come up to the average performances of college gymnastic teams.

SCHOOL BOYS SWIM WELL

OCCUPY THE BIG TANK AT THE SPORTSMEN'S SHOW.

Midgets Under 80 Pounds Race 20 Yards -Bath Beach Boys Capture Trophy -Many Ties in Rifle Championship Con test-Manual Training Boys Win Shoot

It was a great day for the schoolboy and the Junior sportsman at the Motor Boat and Sportsman's Show in the Madison Square Garden yesterday, and from early morning until late in the evening the boys owned every thing. They shot, swam, inspected every thing that was to be seen and when tired of everything else tried their hands with the bow and arrow that the Indians use. Not only the boys but the girls too owned the Garden and everything in it, and for these the birds, animals, boats, guides, pictures and the portable houses proved attractive. Capt. Bill Graham proved his versatility by entertaining this younger set, and he was particu-larly happy when he had several young schoolgirls and showed them his scooters, his pet dogs and the curios in the interior of his

wonderful shack.
In the shooting gallery those who wished to compete had to wait in line for their turn the crowd was so great, and the shooting was of the best. A team match was shot in which representatives of Manual Training High School and Curtis High School took part. There were five on each team and each boy shot at ten targets. The Manual Training team won by a score of 234 to 225. Hoffman, a boy on the Manual Training

team, made ten consecutive bulls, finishing with a perfect 50, which is remarkable shooting. O. Smith and Hickerson of the same team each made 48. The best score on the Curtis School team was 47, made by Trust. The Brooklyn boys were elated over their victory and when the result was announced they cheered again and again and marched all over the Garden tening every one of their success.

championship at 5 shots each, and twenty more have made 24 each. Several of these will make perfect scores before the end of this week and then the ties will have to be shot off, and this will be a long task.

will make perfect scores before the end of this week and then the ties will have to be shot off, and this will be a long task.

In the afternoon there were swimming races in which the boys of the Public Schools Athletic Ledgue took part. The entry list for the three events on the programme was very large and cach one entered had several of his schoolmates on hand to cheer, and these rooters were armed with cowbells, horns and anything that would make a noise.

The first event on the card was a midget race. It was for boys under 80 pounds in weight and they swam twenty yards, or once the length of the tank. It took five heats to decide this event, five swimming in each heat. Wasserman of Public School 128, Brooklyn, who won this contest last year.

The next race was at 80 yards and was for high school boys. Powers of the High School of Commerce finished five yards ahead of Brown of the Clinton School and Dietrich of Erasmus Hall was a close third. The feature race of the day was the 160 yard relay race, and the swimmers of Public School 87, Manhattan, won, with the boys of Public School 128, Brooklyn, second. The Manhattan boys took the lead early in the race, but the Brooklyn swimmers tried hard to overcome this lead in the last two relays, but could not quite get up and the Manhattan boys won by three yards. The team of Public School 68, Manhattan, was third.

The special point trophy was won by Public School 128 of Brooklyn, with 6 points. This school is 8 Bath Beach and the boys have better opportunities to swim than have boys from many of the other schools.

The afternoon event for the fly casters was won by G. La Branche of New York. This event was single handed bait casting for distance accuracy. Casts were made at targets placed 60, 80 and 100 feet from the platform and contestants were allowed flya casts.

gets placed 80, 80 and 100 feet from the platform and contestants were allowed five casts. Mr. La Branche scored 73 points. P. D. Fraser was second, with 59 points, and R. C. Leonard third, with 57 points. The summaries of the afternoon sports follows:

Time, 2 minutes 2.2 seconds.

In the evening the Garden was crowded, the chief attraction being the water po o contest between the New York Athletic Club team and a team of swimmers belonging to the Bath Beach Swimming Club. The New York A. C. team was handicapped four goals and they started off in the first period to overcome this advantage and succeeded in scoring three goals. With one goal against them they began the second half. The Bath Beach swimmers did much better in this half
